# Young CEO Program

Igniting Young Minds

## ABOUT THE PROGRAM

**ThinkStartup Young CEO Program** is the perfect way to introduce school students to the exciting world of entrepreneurship and help them discover the entrepreneur within. The program takes participants on a unique 4 days journey of Ideation to Business Launch ending with a Shark Tank style Pitch Event.

Studentwork in a fast-paced engaging environment to learn real life business skills and discover and develop their entrepreneurial strengths. The Program offers a transformative experience where participants dive into the world of Entrepreneurship, Leadership and Business Design under the guidance of seasoned mentors and industry experts.

# WHAT SETS YOUNG CEO PROGRAM APART

## 01 Real-World Entrepreneurship Curriculum

Designed in collaboration with top educators and startup leaders, our program goes beyond textbooks — giving students practical knowledge aligned with 21st-century entrepreneurial skills.

## 02 Personalized, Hands-On Learning Approach

From brainstorming bold ideas to building real products, every student learns by doing. We adapt to their pace, creativity, and interests — nurturing each one's potential.

## 03 Mentorship from Startup Experts

Students learn directly from entrepreneurs, industry professionals, and innovation mentors who bring real startup experience into the classroom.

## 04 Inclusive, Collaborative Culture

Whether you're in Grade 6 or Grade 12, every voice matters. Our diverse teams foster peer learning, teamwork, and leadership through inclusion and trust.

# LEARNING OUTCOMES

## Entrepreneurship Fundamentals

Understand startup basics, market dynamics, and customer needs.

---

## Critical Thinking & Strategy
